1. ☒ The amendment filed on 21 September 2009 under 37 CFR 1.312 has been considered, and has been:

- a) ☐ entered.
- b) ☐ entered as directed to matters of form not affecting the scope of the invention.
- c) ☐ disapproved because the amendment was filed after the payment of the issue fee.

Any amendment filed after the date the issue fee is paid must be accompanied by a petition under 37 CFR 1.313(c)(1) and the required fee to withdraw the application from issue.

- d) ☒ disapproved. See explanation below.
- e) ☐ entered in part. See explanation below.

Taken from MPEP 714.16:

As to amendments affecting the disclosure, the scope of any claim, or that add a claim, the remarks accompanying the amendment must fully and clearly state the reasons on which reliance is placed to show:

- (A) why the amendment is needed;
- (B) why the proposed amended or new claims require no additional search or examination;
- (C) why the claims are patentable; and
- (D) why they were not presented earlier.

The examiner finds no remarks that fully and clearly state elements (A), (B), (C), and (D) above. The amendment of Claim 6 alters the scope of the claim from "a primary node" (which includes any primary node maintaining the data) to "the primary node" (which mandates referring to the specific primary node in claim 1 and no others).
